

Dear Professional,

## Greetings from SABCONS Project Management Consultants!

These are challenging times for the Project Manager. The ever shrinking budgets, expectations of high quality outputs at low costs and the pressure to deliver the project on time in a global market have been gradually changing the roles and responsibilities of a typical project manager. His/her job is no more straightforward delivery of completing projects on schedule and budget; the demands of modern day project management calls for an intrinsic transformation - from an individual solely concerned with project completion to a mature professional who is able to see the bigger picture of the industry and global market and deliver accordingly.

To battle these challenges, SABCONS your trusted Project Management partner is proud to present its prestigious program S-Project Pro ("Professional Project Management") - a first of its kind course that aims to provide participant a holistic perspective of Global Project Management and enable them to apply best practices on their projects and at the same time preparing them for the PMP Examination conducted by PMI, USA.

We look forward to your participation and request you to forward this mail to all your deserving colleagues who could benefit from this program.

Instructor: **M.R. Sriprasad, PMP®**  
Founder Director & C.E.O

M.R. Sriprasad is a trusted name in the sphere of Project Management consulting and training in India. With his inimitable sense of humor, he has a flair for teaching hard-core project management concepts in a simple yet effective manner in his highly interactive workshops. His distinctive and innovative coaching style has won him recognition globally. He was invited to co-present the PMI Global Congress in Budapest, Hungary.

In 2006, he conducted 50 five-day programs in 52 weeks - an affirmation of his tireless passion. He also has the unique distinction of delivering more than 100 programs to a single MNC.

An alumnus of BITS Pilani, Sriprasad has worked on several landmark projects across the country and abroad. In the course of his diverse career spanning over two decades in the project management discipline, he realised the need for a formal platform to train and groom effective Project Managers. It was to address this need that in 1995, he conceptualised and set up SABCONS Project Management Training & Consulting.
